Swiss-European Mobility Programme – Student Mobility for Studies
Learning Agreement

The purpose of the Learning Agreement is to provide a transparent and efficient preparation of the study period abroad and to ensure that the student will receive recognition in his/her degree for the courses successfully completed abroad. By signing this document, the student, the Sending Institution and the Receiving Institution confirm that they approve the Learning Agreement and that they will comply with all the arrangements agreed by all parties. Sending and Receiving Institutions undertake to apply the principles of the Erasmus Charter for Higher Education relating to mobility for studies or the principles agreed in the inter-institutional Agreement. The Receiving Institution confirms that the courses listed in the table below are in line with its course catalogue and should be available to the student. The Sending Institution commits to recognise all the credits or equivalent units gained at the Receiving Institution for the successfully completed courses and to count them towards the student's degree. Any exceptions to this rule are documented in an annex of this Learning Agreement and agreed by all parties. The student and the Receiving Institution will communicate to the Sending Institution any problems or changes regarding the study programme, responsible persons and/or study period.

Exceptional changes: Exceptional changes to the courses listed in the above table have to be approved by the student, the responsible person (designated coordinator) in the Sending Institution and the responsible person in the Receiving Institution. Any changes should be clearly documented and should be done as early as possible after the beginning of the semester. To do so, please change your course list accordingly in Mobility Online under 'Learning Agreement Changes'. Print the updated Learning Agreement and have it signed by all parties.				
Commitment All parties must sign the Learning Agreement before the start of the mobility. It is not compulsory to circulate a paper document to collect original signatures; scanned copies of signatures or digital signatures may be accepted, depending on the national legislation or institutional regulations.
